## PROFESSIONAL OVERVIEW

I began my career in website and application development from 2019 to 2021, creating effective digital solutions. Later, I transitioned to operations, working as a Procurement Logistics Operator at Flipkart for one and a half years, managing procurement and logistics efficiently. Currently, I serve as an Operator cum Supervisor at Aadhaar Seva Kendra Siliguri, providing unique identification services to residents and overseeing center operations with dedication and discipline. I am now seeking higher positions where I can apply my technical expertise and leadership skills to enhance the performance and service quality of UIDAI centers.

## WORK EXPERIENCE

### Operator Cum Supervisor

Aadhaar Seva Kendra, Siliguri | 2023 – present

At Aadhaar Seva Kendra, I provide essential services including enrolling residents, updating details, and issuing unique identification numbers. I ensure efficient, accurate, and secure processing with a focus on excellent customer support and seamless center operations to serve the community effectively.

### Procurement Logistics Operator

Flipkart Warehouse, Jatiakali More, Jalpaiguri | 2021 – 2023

At Flipkart warehouse, I worked as a Procurement Logistics Operator, managing inventory, coordinating supply chain activities, and ensuring timely processing of orders. I maintained accuracy in stock handling and supported smooth logistics operations, contributing to efficient warehouse management and meeting high standards of customer service and operational excellence.

### Full Stack PHP Developer

Disha Web Experts, Deshbandhu Para, Siliguri | 2020 – 2021

Developed responsive websites and applications from 2019 to 2021, delivering effective digital solutions with strong technical skills and creativity.
